SHORT FORM CATALOGUE  
2026-2027

## AC Power source Single phase & 3 Phase Programmable models

- High precision
- Frequency can be varied up to 400 Hz depending on the model
  - RS232 or RS485 interface for remote control
  - Variable output frequency from 45 Hz to 400 Hz
  - Fast response time and soft start function
- 3 Memory keys and panel lock function for easy operation

Strong over load load capacity and multiple protections, which makes it a flexible and durable AC power source for industrial production and R&D.

**VARIANTS : 500VA, 1kVA, 2kVA, 3kVA, 5kVA, 6kVA, 10kVA, 15kVA, 20kVA, 30kVA to 800kVA**
